Guidance around Corona Virus (COVID-19) and Office Visits

We are doing everything possible at our office suite to wipe down all surfaces and door handles regularly. Please use the soap provided to wash your hands before and after visits. There are disinfectant wipes and tissues to use throughout the office.

If you are ill or have flu-like symptoms, please do not come to the office, but notify me directly. Please communicate with me about your appointment directly by cell phone or leaving a voice message at my cell phone number. (503-708-0974). Text messages and email can result in significant delays. Also, please keep me apprised of any updates in your contact information (phone or email).

My cancellation policy is to not charge if your cancellation is beyond your own control (e.g., illness, auto or traffic problems, etc.) Planned anticipated absences should be cancelled 48 hours in advance. Should you need to cancel with less than 48 hours notice, you will not be held financially responsible for the missed session if you re-schedule within a week of the missed session.

Telehealth is an option for anyone who is ill and is at risk of infecting others. If you cannot come in due to illness but would like to have a telehealth session, please notify me, and I will arrange an alternative mode of communication for our session.
